Part A: Pupil premium strategy plan

Statement of intent

It is our intention that all children, irrespective of their background or the challenges they face, engage well with the school's curriculum, make good progress, achieve well and make a positive contribution to the life of the school. The focus of this strategy is to support disadvantaged children to achieve these goals, including high attaining disadvantaged children.

As part of our strategy, we also consider how we will support other vulnerable children who do not necessarily meet the DfE definition of disadvantaged, for example children with mental health needs, medical needs, young carers or children with a social worker. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

Our plan follows the structure suggested by the Education Endowment Framework and guidance from the DfE document 'Using pupil premium guidance for schools'. It ensures that targets for spending are set around the tiered approach:

Tier 1: Quality First Teaching as the main approach: ensuring consistently good teaching across the school through effective CPD and a culture of continual improvement

Tier 2: Targeted academic support: effective and timely interventions informed by accurate assessment processes, where children are enabled to keep up rather than catch up wherever possible

Tier 3: Wider strategies: an effective focus on behaviour support, ensuring good attendance and providing social and emotional support

High quality teaching, with a focus on areas in which disadvantaged children require the most support, is proven to have the greatest impact on children's progress.

As a small school with low numbers of children in receipt of the Pupil Premium, our approach is one of focusing on the individual child's circumstances, strengths and needs. We also have a small number of children in receipt of the Service Pupil Premium, for which we take the same individual child approach in order to provide emotional support in order to mitigate the negative impact of family mobility or parental deployment. In addition, this year we have welcomed some Ukrainian children into our school. It is our intention that each individual child will benefit from our focus on their individual needs.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Gaps in attainment between some PP children and Non-PP children
2	Significant Emotional & Mental Health needs for several PP and other disadvantaged children
3	Progress & attainment in phonics for some PP children
4	Specific learning needs impacting on progress & attainment
5	Attendance is not good enough for some PP children
6	Wider family needs impacting on the progress, attainment & personal development of some PP children
7	Financial difficulties sometimes impacting on access to opportunities
8	Trauma associated with war in Ukraine and leaving home in Ukraine

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
1. Increased proportion of PP children to achieve ARE in RWM; accelerated progress in RWM for PP children	<p>Increase in number of children achieving ARE in RWM</p> <p>Assessment & Data analysis shows accelerated progress for PP children over time</p> <p>Monitoring shows a high level of pupil engagement in the school curriculum and progress in individual learning journeys</p>

<p>2. PP children with social, emotional, behavioural & mental health needs make progress in this area through effective school approaches</p>	<p>Zones of Regulation embedded as a core approach ELSA records show positive impact Monitoring shows high levels of curriculum access and engagement for PP children</p>
<p>3. A greater number of PP children will develop secure phonic skills</p>	<p>Little Wandle tracking data to show good progress & effective use of assessment data Y1 phonics screening pass rate increased for PP children</p>
<p>4. Effective SEN provision enables children to make good progress and develop effective strategies for learning</p>	<p>PP children with specific learning needs are well supported through effective provision, PLPs & input from external professionals as required</p>
<p>5. Attendance improves for children whose attendance / punctuality is causing concern through individual, targeted support</p>	<p>Tracking over time shows improvement in attendance of PP children whose attendance is not good enough</p>
<p>6. Support for wider family impacts positively on children's learning and well-being</p>	<p>Evidence of effective support and intervention for wider family needs</p>
<p>7. All PP children accessing a broad curriculum, including extra-curricular provision, through ongoing offer of financial support</p>	<p>Club registers show an increase in PP attendance; all children accessing and benefiting from enrichment activities</p>
<p>8. Ukrainian children and their families feel an increasing sense of belonging, build relationships with peers, access the curriculum using their 1st language and begin to become literate in English</p>	<p>EMTAS strategies in place; teacher assessment & feedback shows progress from starting points in curriculum access, engagement & enjoyment; pre-teaching in place and impacting positively on progress; families feel well-supported, an increasing sense of belonging and well-informed; pastoral support in place</p>

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

There were no PP in year R 2022-23

There were no PP in Year 1 2022-23

KS1 Data: 0% of our PP Children achieved the expected standard in Reading, Writing & Maths this is because the 2 children have Special Educational Needs which have an impact on their Cognition and Learning. Targeted interventions are in place and one has an EHCP. (2 children)

KS2 Data: 100.0% of our PP children achieved the expected standard in Reading, Writing & Maths (2 children)

We use this data as part of our tracking & self-evaluation in order to identify any trends or patterns, however we are also mindful of the small number of children and the low confidence intervals associated with this. Several children who are eligible for PP are also on the SEN register and this impacts on their progress and attainment.

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.

Programme	Provider
Little Wandle Phonics Programme	Little Wandle
Nessy (Literacy support for Dyslexia)	Nessy
Number Stacks	Number Stacks
Reading Eggs (online reading package)	Reading Eggs
Times Table Rockstars	TT Rockstars
My Maths	My Maths
Sora	SLS

Service pupil premium funding (optional)

How our service pupil premium allocation was spent last academic year

To mitigate the emotional impact of parental deployment & family mobility, support was focussed on pastoral support, for example:

- ELSA time for some SPP children (as required)
- Other emotional & pastoral support for some SPP children
- EP time for some SPP children with additional needs
- Admin time to ensure all prior attainment data is located from previous schools
- Subscription to O Track assessment online package, to track and analyse SPP as a specific group
- Providing dedicated staff time to plan and implement specific enrichment activities, notably CAMO Day in July
- Interventions as appropriate, targeted to meet individual needs

The impact of that spending on service pupil premium eligible pupils

50% of SPP children achieved GLD 2023 (2 children)

100% of SPP children passed phonics screening check 2023 (2 children)

KS1 0% of SPP children achieved the expected standard in Reading, Writing & Maths (1 child)

KS2 100.0% of SPP achieved the expected standard in Reading, Writing & Maths (2 children)

Further information (optional)

We foster strong links with RAF Odiham through community events and the RAF Base support us very well as a school. Some examples are the Chinook Santa visit in December, singing carols at RAF Odiham, music concerts with the RAF Odiham Military Wives Choir (pre-pandemic), attending liaison meetings, liaison with Pre-School on the RAF Base, Padre visiting school for Collective Worship (Pre-Pandemic) and the RAF donating funds to the school raised from their annual motorcycle race event.

As a school, we have identified children in our care who are disadvantaged for reasons other than the DfE definition, for example due to wider family needs, medical needs, financial family needs for families not eligible for Pupil Premium. Children may be disadvantaged for various reasons and we are developing our own school definition of this wider disadvantage. Our Vulnerable Register identifies this wider group of disadvantaged and vulnerable children and we are committed to supporting these children in various ways, some of which overlap with the support and provision in this Pupil Premium Strategy. We encourage our families to come and speak with us in confidence if they are going through challenging times so that we can work with them to provide the best support for their children.
